WHAT IS LAUNCH?

Launch is a virtual learning platform that allows students to take courses online. Are there classes you want to take that aren't available in your school? Do you have schedule commitments that impact your day? No matter what your situation, Launch can help!

With Launch, you set the pace for your learning. That means you can work ahead or stick with the scheduled assignment dates, depending on your learning style.

Are you interested earning high school credit while still attending middle school? Launch can help you get an early start towards graduation.

WHO TO CONTACT

Interested in taking an online class? Great! Contact your school counselor to get enrolled in Launch today.

“I like Launch because I am able to take courses my school does not offer. Being able to enroll in classes that are interesting to me makes me enjoy learning. Furthermore, submitting assignments from home is a huge convenience for me.”
– Ellis (student)
